

Using an iPad App to Complete PDF Forms

1. Click on the file to be completed (e.g., Level 1: Nouns - Name in the Practice Room in the Student Gallery). Wait for the file to download.

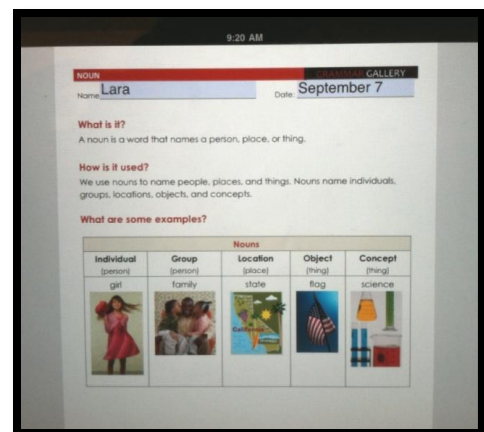

▲ This picture shows **Level 1: Nouns - Name** in the Practice Room in the Student Gallery.

2. Once the file opens, click on the button in the top right that says "Open in PDF Expert."

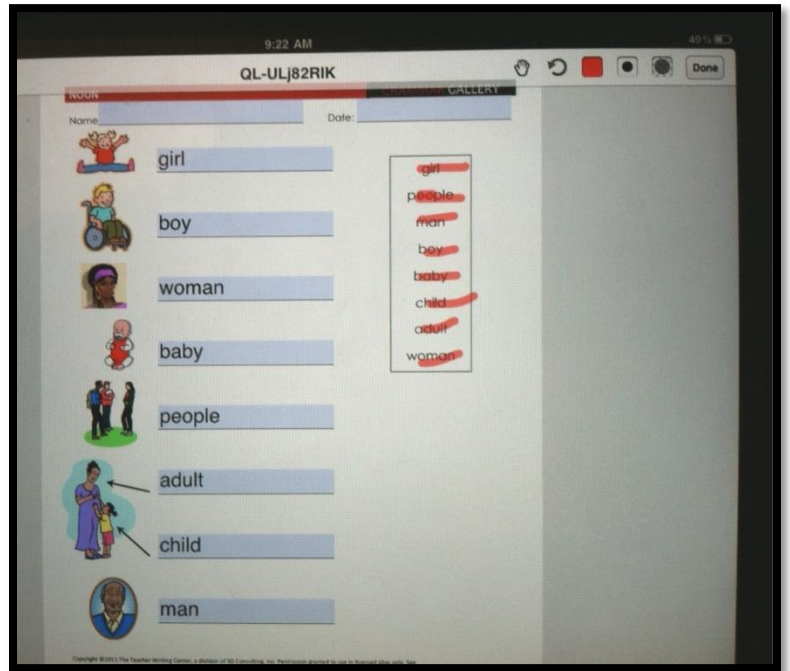

3. The student may type his/her name and date on the first page, which in this case is a student reference sheet on the grammatical form.

▲ This picture shows a student reference sheet on **Nouns**.

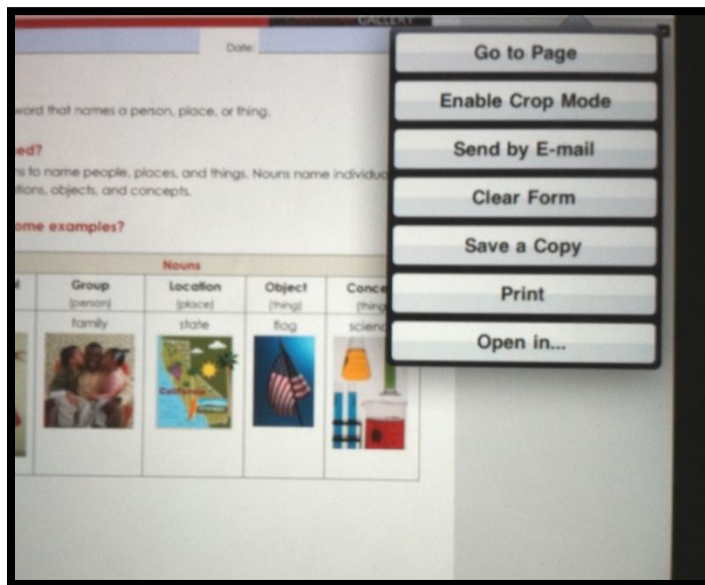

- The remainder of the pages allow students to type their answers on the worksheet. Students may also use the pen feature to electronically strike out words as they use them.

▲ This picture shows a completed student reference sheet. Note that students can use the pen feature to electronically strike out words as they use them.

- Once students complete their work, there are a variety of things they can do with it, including sending it by email, saving a copy, or printing. See options below.

▲ This picture shows the Options menu.
